CONSULT

book an appointment online or over the phone with our friendly team and we will come to you to discuss your ideas and needs for your new playground.

DESIGN

our team of talented designers will bring your ideas to life with colourful visuals and plans of your new play area. once you're happy with your design and quote we'll get building.

BUILD

back in the workshop the team will be busy making your new play equipment. While on site we fully manage the project and deliver to you a safe and sturdy playground.

PLAY

This is where the fun starts. The children can explore and enjoy their new playground. our outstanding ongoing after sales care means you can rest assured that everything is taken care of.

MUSICAL COMPOSITIONS

Make your musical and aesthetic masterpiece by using one of our musical play panel compositions.

MUSICAL COMPOSITIONS

SYMPHONY N01

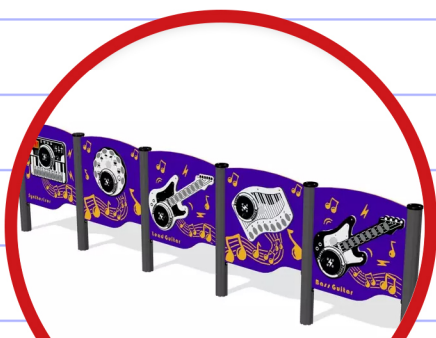

This is a great selection of percussion musical instruments that will really compliment each other to make some interesting sounds. The 7 musical panel set Shaker, Bongos, Ally Tube Glockenspiel, Giant Chimes, 3 Bells, Tongue Drum and Spin Maracas are supplied with aluminium T-slot posts that will allow you to create your own layouts with the 45 degree post slots. The panels are constructed from HDPE.

Designed for use in controlled environments.

SYMPHONY N02

This is a great selection of musical instruments combining our extremely popular and great sounding RotoGen Piano and Acoustic Guitar, with some great percussion accompaniment. The set is supplied with aluminium T-slot posts that will allow you to create your own layouts with the 45 degree post slots. The panels are constructed from HDPE.

SYMPHONY N03

Five piece set of RotoGen musical instruments, with traditional Bass and Lead Guitars, Drum kit, Piano and a Synthesiser if your looking to recreate some 70's rock. The set is supplied with aluminium T-slot posts that will allow you to create your own layouts with the 45 degree post slots. Human powered energy is the kinetic power source for RotoGen products, making them self-sufficient and self-contained electronic products that do not require any hard wiring for power, or any batteries changed on a regular basis.

MUSICAL COMPOSITIONS

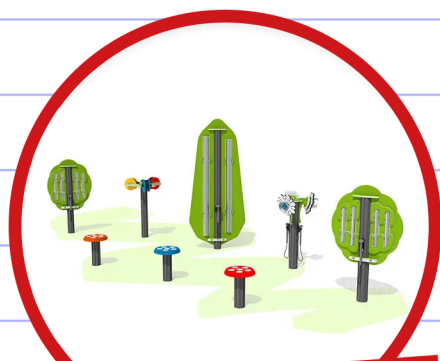

SYMPHONY NO4

Five piece set of PlayTronic musical instruments, with traditional Bass and Lead Guitars, Drum kit, Piano and a Synthesiser if your looking to recreate some 70's rock. The set is supplied with aluminium T-slot posts that will allow you to create your own layouts with the 45 degree post slots. Our battery powered products are a cost effective way of getting interactive fun into the playground and with an extraordinarily long battery run time you should not be replacing batteries too often.

SYMPHONY NO5

Symphony No5 is a good one, with a nice selection of instruments including the awesome Pentatonic Cam Chimes panel which can be played by just pushing the cams towards the chimes. This group of instruments will make a good looking (if a little noisy) focal point in any playground. The set is supplied with aluminium T-slot posts that will allow you to create your own layouts with the 45 degree post slots.

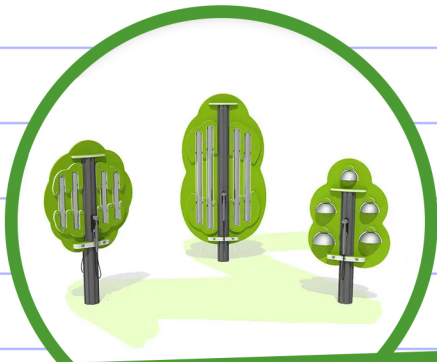

SYMPHONY NO6

Sit on the Toadstools and watch your friends perform their musical masterpiece, with a good selection of chimes, bells and maracas for accompaniment. The instruments and toadstools are supplied with aluminium T-slot posts, the panels are constructed from HDPE and are supplied with rubber beaters/mallets tethered with stainless steel cables where required.

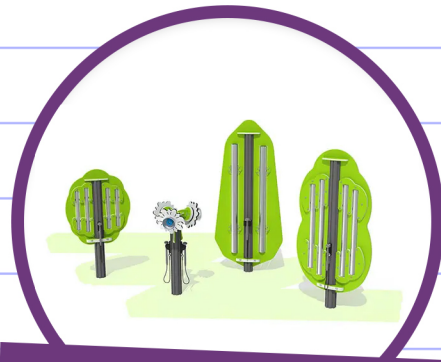

MUSICAL COMPOSITIONS

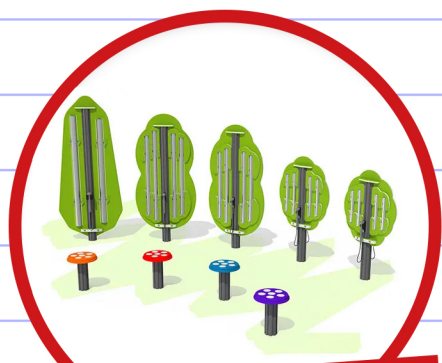

SYMPHONY N07

Three great sounding musical trees that will entertain the children and create a nice focal point in the playground. This is a great set to start creating your musical garden and can be added to easily from our range of Virtuosos musical instruments. The instruments are supplied with aluminium T-slot posts, the panels are constructed from HDPE and include rubber beaters/mallets tethered with stainless steel cables.

SYMPHONY N08

This set of musical chimes trees features one from each of the three different chime sizes we offer, which will create a nice range of contrasting tones as well as Bell Flowers to add some additional style and sound into the musical mix. The instruments are supplied with aluminium T-slot posts, the panels are constructed from HDPE and include rubber beaters/mallets tethered with stainless steel cables.

SYMPHONY N09

This set of musical chimes trees features five Chime Trees that contains 2 giant chimes and full sets of eight chimes (C-C) in both the large 50mm and smaller 38mm diameter chimes. There are four Toadstools to sit and watch the playground performance. The instruments are supplied with aluminium T-slot posts, the panels are constructed from HDPE and include rubber beaters/mallets tethered with stainless steel cables.

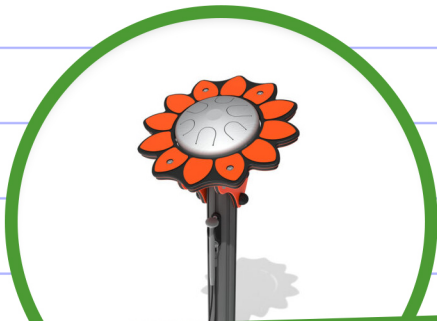

VIRTUOSO MUSIC

Making nice sounding music in the playground has never looked so good. Our range of virtuoso music panels covers percussion, bells, chimes and much more.

VIRTUOSO MUSIC

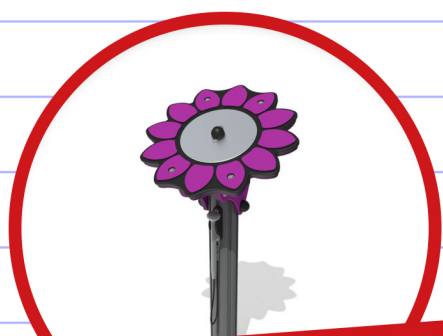

VIRTUOSO TONGUE DRUM FLOWER

Virtuoso Tongue Drum Flower is a very popular instrument with its own unique sound. The instrument is played by hand by tapping the tongues or using the beater provided. The drum is made of stainless steel and mounted into a HDPE decorative flower head and is ASTM and EN compliant. T-Slot Aluminium Posts Virtuoso Music Instruments can be supplied with or without our new T-Slot aluminium posts.

VIRTUOSO 2 BELL FLOWER

The Virtuoso 2 Bell Flower musical instrument is going to brighten up any playground, both with its fabulous good looks and its beautiful sound. Constructed from stainless steel spun bells with a high quality brushed finish, the bells are mounted onto HDPE flower head with a coloured counters. The product is ASTM and EN compliant and comes complete with soft feel rubber mallet tethered with a high strength stainless steel cable.

VIRTUOSO CYMBAL FLOWER

Our Virtuoso Cymbal Flower musical instrument is going to brighten up any playground, both with its fabulous good looks and its beautiful sound. Constructed from stainless steel the cymbal is mounted onto HDPE flower head. The product is ASTM and EN compliant and comes complete with soft feel rubber mallet tethered with a high strength stainless steel cable.

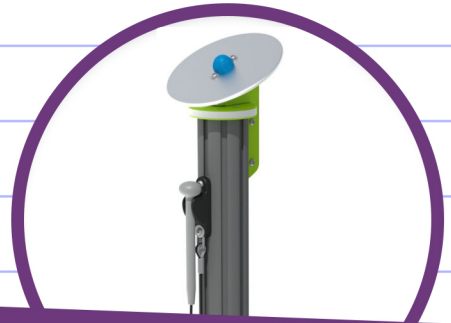

VIRTUOSO MUSIC

VIRTUOSO LARGE CYMBAL

Our Virtuoso Cymbal Flower musical instrument is going to brighten up any playground, both with its fabulous good looks and its beautiful sound. Constructed from stainless steel the cymbal is mounted onto HDPE flower head.

The product is ASTM and EN compliant and comes complete with soft feel rubber mallet tethered with a high strength stainless steel cable.

VIRTUOSO SMALL CYMBAL

Our Virtuoso Small Cymbal musical instrument is going to brighten up any playground, both with its fabulous good looks and its beautiful sound. Constructed from stainless steel the cymbal is mounted onto HDPE with an extruded aluminium post. The

product is ASTM and EN compliant and comes complete with soft feel rubber mallet tethered with a high strength stainless steel cable.

BONGOS SET OF 3

The Bongos are a great addition to your musical play selection, and these full size bongos offer a great sound. Fahr bongos are constructed with HDPE drum tubes and HDPE drum caps, which make them extremely durable against impact damage and mis-use, and because they are HDPE, there is no paint to chip or wear away. Supplied with ground anchors that can be used for both in-ground and surface fixing. The bongos are 100% recyclable.

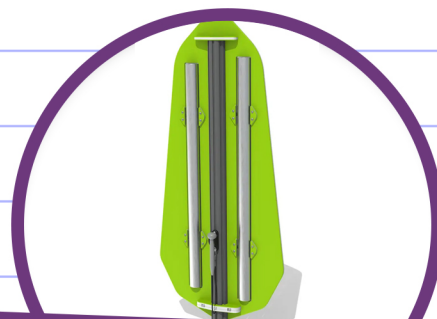

VIRTUOSO MUSIC

BONGOS SET OF 5

The full set of 5 Bongos are a great addition to your musical play selection, and these full size bongos offer a great sound. Fahr bongos are constructed with HDPE drum tubes and HDPE drum caps, which make them extremely durable against impact damage and mis-use, and because they are HDPE, there is no paint to chip or wear away. Supplied with ground anchors that can be used for both in-ground and surface fixing. The bongos are 100% recyclable.

MUSICAL GIANT CHIMES TREE

We have created the Musical Chime Trees as a fun and decorative way to add music to the playground, retaining the sound quality but adding a focal point of musical fun. Combine the different chime types and sizes to create a musical landscape of different tones and profiles. Constructed from HDPE, the Virtuoso Musical Giant Chimes includes two 75mm diameter chimes, available in High and Low tones which are ASTM and EN compliant and include rubber mallets tethered with a high strength stainless steel cable.

MUSICAL LARGE CHIMES TREE

We have created the Musical Chime Trees as a fun and decorative way to add music to the playground, retaining the sound quality but adding a focal point of musical fun. Combine the different chime types and sizes to create a musical landscape of different tones and profiles. Constructed from HDPE, the Virtuoso Musical Large Chimes includes four 50mm diameter chimes, available in High and Low tones which are ASTM and EN compliant and include rubber mallets tethered with a high strength stainless steel cable.

VIRTUOSO MUSIC

We have created the Musical Chime Trees as a fun and decorative way to add music to the playground, retaining the sound quality but adding a focal point of musical fun. Combine the different chime types and sizes to create a musical landscape of different tones and profiles. Constructed from HDPE, the Virtuoso Musical Chimes includes four 38mm diameter chimes, available in High and Low tones which are ASTM and EN compliant and include rubber mallets tethered with a high strength stainless steel cable.

We have created the Musical Chime Trees as a fun and decorative way to add music to the playground, retaining the sound quality but adding a focal point of musical fun. Combine the different chime types and sizes to create a musical landscape of different tones and profiles. Constructed from HDPE, the Virtuoso Musical 5 Bell Tree has five different sized, brushed stainless steel bells which are ASTM and EN compliant and include rubber mallets tethered with a high strength stainless steel cable.

Great for multi-play, you and your friends can play the Virtuoso Giant Chimes along with other instruments and make an array of tunes. Constructed from HDPE, the Virtuoso Giant Chimes includes five pentatonic chimes which are ASTM and EN compliant with no protrusion failures and include rubber mallets tethered with a high strength stainless steel cable.

VIRTUOSO MUSIC

Virtuoso Tall Chimes includes eight tuned notes C-C and are ASTM and EN compliant with no protrusion failures and include rubber mallets tethered with a high strength stainless steel cable. Virtuoso Musical Tall Chimes include 8 tuned notes C-C, they are ASTM compliant with no protrusion failures and include our new softer feel rubber mallets/beaters tethered with a high strength stainless steel cables.

The Virtuoso Tube Chimes include 8 tuned notes C-C, they are ASTM compliant with no protrusion failures and include our new softer feel rubber mallets/beaters tethered with a high strength stainless steel cables. NEW T-Slot Aluminium Posts Virtuoso Music Instruments can be supplied with or without our new T-Slot aluminium posts. Finished in Slate Grey, the posts are ASTM and EN compliant and are finished with a post cap at the top.

The product has eight aluminium flat chimes in a pentatonic scale, no wrong notes! This inclusive design includes two soft feel rubber mallets and post holders. Virtuoso Musical Flat Chimes offers an alternative to the tube chime sounds and makes a great addition to any musical ensemble for groups of children to play music together. New softer feel rubber mallets/beaters tethered with a high strength stainless steel cables. NEW T-Slot Aluminium Posts Virtuoso Music Instruments can be supplied with or without our new T-Slot aluminium posts.

VIRTUOSO MUSIC

DIATONIC CAM CHIMES

With eight tube chimes C-C and custom designed, free swivelling cam rockers that replace the traditional mallets/beaters, making a more durable and more inclusive instrument for all abilities and only requires a knock or flick to sound the chimes. The Cams are also colour coded so they can be used to play "music by colour" if required. The Virtuoso Diatonic Cam Chimes are both ASTM and EN compliant.

PENTATONIC CAM CHIMES

With 5 pentatonic tube chimes CDEGA and custom designed, free swivelling cam rockers that replace the traditional mallets/beaters, making a more durable and more inclusive instrument for all abilities and only requires a knock or flick to sound the chimes. The Cams are also colour coded so they can be used to play "music by colour" if required. The Virtuoso Pentatonic Cam Chimes are both ASTM and EN compliant.

MUSICAL BONGO TREE

We have made some major improvements to our bongos, now both the bongo tubes and caps are made from extremely durable HDPE which is over 10x's more impact than our old versions. You can hit these bongos with a hammer and they will not break, which means the children can really bang out some tunes and you know they will be safe. The Eco-Bongo Tree has 3 different size and diameter bongo drums mounted around a central post.

VIRTUOSO MUSIC

BELL FLOWERS

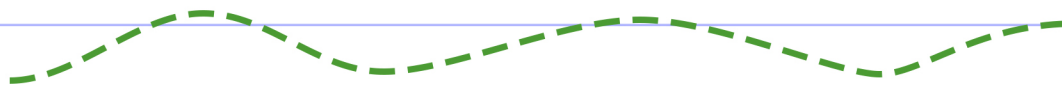

The Bell Flowers musical instrument is going to brighten up any playground, both with its fabulous good looks and its beautiful sound.

Constructed from stainless steel spun bells with a high quality brushed finish, the bells are mounted onto HDPE daisy flower heads with a colour coded centre insert. The product is ASTM and EN compliant and comes complete with soft feel rubber mallets tethered with a high strength stainless steel cable.

SPIN MARACA TREE

The Spin Maraca Tree has 3 colour coded drums filled with different sizes stainless steel balls, to give you a different sound from each maraca. Due to the smaller and lighter size of the spin maracas it is easy to create a true maraca style percussion accompaniment for your musical composition. The drums rotate on stainless steel bearings, so they are easy to play. The design is ASTM and EN compliant.

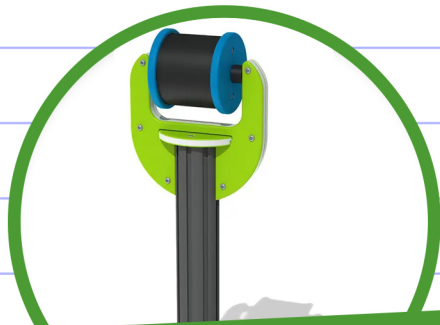

LARGE MELODY WHEEL TREE

The Large Melody Wheel Tree is the larger of the two versions we offer and has deeper melodic tones. The panel and drum are constructed from HDPE, making them very durable and 100% recyclable. Supplied with an aluminium t-slot post. The drum rotates on stainless steel bearings, so it is easy to turn and play. The design is ASTM and EN compliant.

VIRTUOSO MUSIC

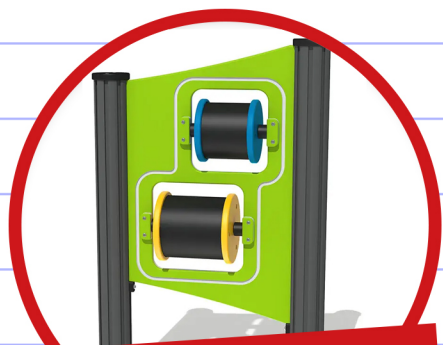

SMALL MELODY WHEEL TREE

The Small Melody Wheel Tree is the smaller of the two versions we offer and has higher melodic tones. The panel and drum are constructed from HDPE, making them very durable and 100% recyclable. Supplied with an aluminium t-slot post. The drum rotates on stainless steel bearings, so it is easy to turn and play. The design is ASTM and EN compliant.

SPIN MARACAS PANEL

The Virtuoso Spin Maracas Play Panel has two drums filled with different sizes stainless steel balls, to give you a different sound from each maraca. Due to the smaller and lighter size of the spin maracas it is easy to create a true maraca style percussion accompaniment for your musical composition. The drums rotate on stainless steel bearings. Virtuoso Musical Spin Maracas Panel is an HDPE and stainless steel constructed, rotating drum with 100's of stainless steel ball bearings creating rain/maracas sounds when you turn the drum.

MELODY WHEELS PANEL

The Virtuoso Melody Wheels Play Panel has two drums with different tones. The drums are mounted on stainless steel roller bearings making them easy to spin and play. The panel and drums are highly durable and constructed from HDPE. Supplied as standard with Aluminium Posts finished in Slate Grey, the posts are ASTM and EN compliant and are finished with a post cap at the top.

VIRTUOSO MUSIC

MUSICAL 5 BELLS PANEL

Virtuoso Musical 5 Bells Panel features 5 stainless steel bells that are musically tuned to give a nice sound and a new softer feel rubber mallet/beater tethered with a high strength stainless steel cable. NEW T-Slot Aluminium Posts Virtuoso Music Instruments can be supplied with or without our new T-Slot aluminium posts. Finished in Slate Grey, the posts are ASTM and EN compliant and are finished with a post cap at the top.

SHAKE RATTLE AND ROLL

The Virtuoso Shake Rattle and Roll is a rotating drum with stainless steel ball bearings creating rain/maracas sounds when you turn the drum. Constructed using decorative HDPE wheel sides panels, the product has stainless steel mesh and ball bearings and is ASTM compliant. Virtuoso Musical Shake Rattle and Roll is an HDPE and stainless steel constructed, rotating drum with 100's of stainless steel ball bearings creating rain/maracas sounds when you turn the drum.

MUSICAL TONGUE DRUM

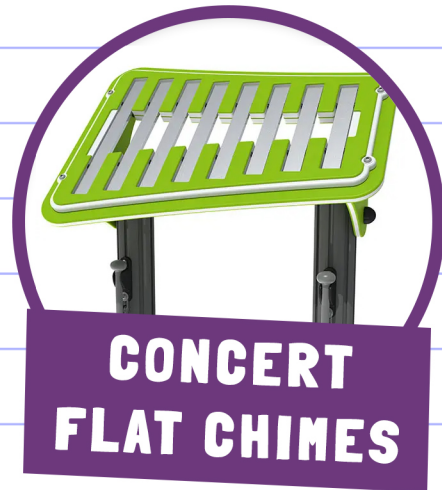

Virtuoso Musical Tongue Drum is a very popular instrument with it's own unique sound. The instrument is played by hand by tapping the tongues. The Virtuoso Tongue Drum has its own unique sound. The drum is made of stainless steel and mounted into a HDPE housing with a decorative fascia and is played by hand, so the product doesn't require mallets or beaters to play and is ASTM and EN compliant.

VIRTUOSO MUSIC

The Virtuoso Concert Tube Chimes is a great sounding, angle mounted unit for that concert like feel. This is a great addition to any musical ensemble for groups of children to play music together. SYNTHESISER

Become an electric rockstar with the PlayTronic Synthesiser Musical Play Panel. Electric rock synth notes C-C.

PlayTronic Synthesiser Musical Panel Encouraging the development of hand - eye coordination, rhythm and musicality in the playground - be a rock star at playtime! The addition of electronic sounds to play panels adds another dimension and interaction between the user and the panel itself.

The Chimes Play Panel with Tunes allows children to compose their own tunes by touching the relative keys but it also includes a selectable tune function that has two programmed nursery rhymes. PlayTronic Chimes Musical Panel with Tunes works a little different to the regular music panels, it maintains the random play aspect where you compose your own tune by touching the relative keys, but it also has a selectable 'Tune' function that has 2 simple nursery rhymes programmed into the unit. Will keep young children entertained for a long time.

SEE WHAT OUR CUSTOMERS SAY

PLAYGROUND RESURFACING KEY STAGE 1

"The management of the project by The School Playground Company exceeded our expectations and represented excellent value for money. We would highly recommend their services"

Kathy Layng – Business Manager

ROYAL LEMINGTON SPA KEY STAGE 1

"This is the second time that we have worked with The School Playground Company and the entire process from design to finished build has been so easy and so enjoyable! This is not something i can usually say about contract work. Chris and his team are professional, organised and friendly."

J Wallace – Headteacher
